Post-Cold War Era Service Survey Questionnaire

This questionnaire seeks to document the recollections and opinions of Cold War era veterans of the United States Army. The purpose of this survey is to preserve and make available your Army history to researchers and historians so that the history of the Cold War era veteran can be told.

Your responses are important to researchers and historians. For that reason, the questionnaire is rather lengthy. If the questionnaire does not give you enough space to answer, or if you wish to address a question not specifically asked, please use a continuation sheet.

Please note that this questionnaire may be answered by anyone who served in the Army during the Post-Cold War Era (1990-Present) regardless of duty location.
